

USING YOUR REAL ESTATE TO FUND MINISTRY

Helping real estate owners multiply Kingdom investing by giving non-cash assets

Many real estate investors have a heart to give charitably but feel hindered by their limited cash flow, illiquid assets, and growing taxation of their investments. National Christian Foundation (NCF) has a solution which allows you to give interests in appreciated real estate (raw land, residential, and/or commercial real estate) to NCF prior to sale. This strategy avoids capital gains taxes on the gifted portion, and you will likely receive an income tax deduction for the fair market value of the gift, freeing up additional cash flow for more giving.

THE BENEFITS OF GIVING REAL ESTATE

- Turn illiquid assets into more Kingdom giving (immediately after the sale)
- Preserve the full fair market value of the gifted asset for Kingdom investing
- Avoid or reduce capital gains taxes, moving more dollars to ministry
- Maximize your sale by leveraging the deductions reserved for non-cash assets (up to 30% of AGI)
- Reduce current-year income taxes providing increased cash flow
- Work with one organization (NCF) but recommend grants to multiple ministries now or over time
